PRIMACOVER®

Robust

Self-adhesive, extra strong protection fleece

Building components, such as those made of prefabricated concrete, suffer a great deal during the construction process, due to construction shores, building materials, rolling equipment, falling tools and paint. Yet they must be delivered undamaged at the end of the construction process. PrimaCover Robust was specially developed for covering prefabricated elements and for situations in which extra floor protection is required. This protection fleece offers optimal protection against moisture and mechanical damage throughout the entire construction phase.

Application:

- For prefab and concrete elements
- For floors and stairs
- Suitable for indoor and outdoor use

Properties:

- ✔ Extra strong
- ✔ Liquid proof
- ✔ Anti-slip
- ✔ Self-adhesive
